

Disruptive and Predatory Behavior

1. What example of disruptive or predatory behavior did you discuss?
2. What is our responsibility as members?
3. What is our responsibility as groups and service bodies?
4. Given that, how do we address the behavior?
How do we ground our approach in spiritual principles?
5. What kind of resources would be useful for NAWS to create to help address disruptive or predatory behavior?
6. If NAWS were to create or update a resource or resources, what would you want it to include/say?
